The Icahn School of Medicine (ISMMS) is committed to creating a welcoming environment for all students (Medical Education and Graduate) including those who identify as transgender, gender nonconforming or other gender. To that end, we are working closely with students, faculty and administration to provide services and educational experiences designed to better support LGBTQ students.

Students at ISMMS can specify the pronoun they want used on campus through the Registrar. Should you choose to list a preferred pronoun, it will only appear on class rosters and advisor lists. Your choice of pronoun consists of following options: **none** (nothing listed), **he**, **she**, **they**, and **name only**. *Name only* indicates the student wishes to never be referred to by any pronoun.

A students' Gender Pronoun will be shared on internal course/clerkship rosters and advising lists only.
